Architectural/Engineering Design

A · https://fo.umich.edu/fosg/architectural-engineering-design/

Architectural and engineering design services are provided by AEC Architecture & Engineering (A&E). They may be contacted at 764-3414.

AEC Operations and Maintenance Engineering does provide limited engineering services at customer expense to address operational issues related to maintenance of mechanical systems within university buildings. To request service, call the Facilities Service Center at 734-647-2059 or visit requests.fo.umich.edu.
