Baby (Diaper) Changing stations

B · https://fo.umich.edu/fosg/baby-diaper-changing-stations/

Baby (diaper) changing stations are located in restrooms in many campus buildings. Custodial Services is responsible for cleaning the stations to ensure a safe and healthy environment for users. Maintenance Services is responsible for ensuring the station is securely attached to the structure.

Facilities & Operations will resolve other concerns related to changing stations, such as problems with the shock, liners, caps, decals, safety belt, etc. on a customer-funded basis. AEC Construction Services is responsible for installing new baby diaper changing stations.

To request service, call the Facilities Service Center at 734-647-2059 or visit requests.fo.umich.edu.
