# Display Cases

D · https://fo.umich.edu/fosg/display-cases/

Departments are responsible for cleaning the interior surfaces of display cases. Custodial Services will clean the outside surfaces of glass display cases on a regular basis.

It is the responsibility of Facilities & Operations to maintain built-in display cases. This includes lighting, locks and electrical connections, or the repair of broken glass.

Departments are responsible for display cases that are not part of the building structure, including broken glass. Facilities & Operations can maintain and repair these display cases at customer expense.

To request service, call the Facilities Service Center at 734-647-2059 or visit requests.fo.umich.edu.
