Fire Hose Boxes

F · https://fo.umich.edu/fosg/fire-hose-boxes/

Facilities & Operations is responsible for maintaining fire hose boxes in general fund buildings. In many cases, the fire hoses have been removed and the boxes have been secured to prevent vandalism. It is important to note that in responding to a fire, the fire department will use their hoses and equipment to extinguish the fire. They do not rely on the equipment that may be in the buildings.

To report problems with fire hose boxes in general fund buildings, call the Facilities Service Center at 734-647-2059 or visit requests.fo.umich.edu.
