Lockers

L · https://fo.umich.edu/fosg/lockers/

Lockers in general fund buildings are considered departmental equipment that is totally controlled by the departments occupying the building. Facilities & Operations does not assign lockers to users or collect fees for their use. In some instances, primarily recreational buildings, user rental fees are collected to cover the expense of maintenance and repair.

Facilities & Operations will repair and maintain lockers at customer expense. To request service, call the Facilities Service Center at 734-647-2059 or visit requests.fo.umich.edu.
