Security Systems

S · https://fo.umich.edu/fosg/security-systems/

Installation of security systems is coordinated by AEC Architecture & Engineering. They may be contacted at 764-3414.

Facilities & Operations is not funded to maintain security systems. Security systems are installed, maintained, and repaired at customer expense. Facilities & Operations will maintain and repair these devices when provided with the appropriate work order.

To request service, call the Facilities Service Center at 734-647-2059 or visit requests.fo.umich.edu.

Note: Card Reader Systems are "access control systems" and are not considered "security systems."
